

## AMENDMENTS TO THE CLAIMS

**This listing of claims will replace all prior versions and listings of claims in the application:**

### LISTING OF CLAIMS:

Claims 1 and 2 (canceled).

3. (previously presented): An apparatus for providing a waterproof ~~waterproofing a~~ terminal connecting portion of a sheathed wire, comprising:

~~in which a terminal fitting and~~ connected to a bared conductor of the sheathed wire, wherein the terminal fitting includes an upper face having a curvature; ~~are connected with each other, by molding with resin, the apparatus comprising:~~

an upper mold having an inner space provided with a dome-shaped ceiling face, which defines an upper part of a molding cavity in which the terminal connecting portion of the sheathed wire is accommodated and molten resin is injected therein; and

a lower mold having an inner space which defines a lower part of the molding cavity, wherein a curvature of the dome-shaped ceiling face is made coincident with the curvature of ~~an~~ the upper face of the terminal fitting so that a thickness of the molten resin between the ceiling face and the upper face of the terminal fitting is substantially identical.

4. (canceled).

AMENDMENT UNDER 37 C.F.R. § 1.116  
U.S. APPLICATION NO. 09/732,788  
ATTORNEY DOCKET NO. Q62242

5. (previously presented): The apparatus as set forth in claim 3, wherein the dome-shaped ceiling face comprises at least two radii of curvature in an identical cross-sectional plane, in accordance with a shape of an outer face of the terminal fitting.
